

## Certificate of CPSIA Conformity

### Product

Kandoo flushable wipes are used by toddlers for personal hygiene. These flushable wipes come in flow wrapped pouches with a labeled fitment (cap) that can be resealed.

Although the wet wipes themselves are a cosmetic, the flow wrap, fitment (cap) and label are accessible to children in use and these materials were tested for CPSIA compliance.

The Kandoo flushable wipes packaging components were found to conform with CPSIA requirements per the testing below.

### Testing/Specific Rules

#### **Kandoo Flow Wrap Film:**

16 CFR Part 1307 - Phthalates Content (CPSIA 2008 Sec. 108(a) U.S. CPSIA act of 2008 Sec. 108(a) (U.S. CPSC-CH-C1009-09.3 test method)

15 U.S.C SS 1278a - Total Lead Content in Substrate by Composite Testing (100PPM) CPSIA Act of 2008. (U.S. CPSC-CH-E1002-08.3 test method)
